Subject: Response to FOIL Documents on Prospect Park West Involvement

Dear Ms. Weinshall,

I left a message with your office by phone a few minutes ago but wanted to make sure you got my message and so am sending an e-mail as well. I'm a reporter with Streetsblog and am writing up a number of stories on the Prospect Park West redesign based on documents we obtained from Marty Markowitz's office via FOIL.

These documents refer in a number of places to your involvement in the fight against the new street design. Therefore, I would like to speak with you, confirm what the documents say, and allow you to respond. Please give me a call when you are available.

Thanks very much,
Noah Kazis
